CSP status report (Comprehensive School plan) (Principal Jackson)

- PARCC testing underway; school implementing interventions as results come in
- Similar trends for math—identifying and implementing interventions
 - Reading scores did not increase as much as math scores, but most students progressed even if they didn't move a grade level band
- School climate & culture—Miner applied for grant for additional training and funding to expand restorative justice circles beyond upper grades
- Students incentivized through performance points, class dojos, school dance
- Students want more clubs & after school activities
- Miner doing well on student recognition but room to grow on staff appreciation/recognition
 - PTO allocated \$300 for teacher happiness

Choosing special curriculum

- LSAT to begin discussion of special curriculum in the fall in preparation for next year's budget discussion
- Goal is for forum to gauge community interest in September

PTO Check-In (Dave Treat, PTO President)

- PTO reports best turnout yet for Community Day on previous Saturday
- Two more community days planned—an enrollment fair on April 21st w/play date, gardening; another Community Day on 19 may
- PTO received grants to revitalize and integrate garden & ECE playground; hope is to eventually rebuild the upper grade playground

Executive Session

- LSAT discussed final budget proposal, pending DCPS approval
