

Miner Elementary School LSAT Meeting Minutes

February 12, 2019

Attendees: Tammy Alexander, Hill Thomas, Sara Saxton, David Treat, Julie Muir, Shamayne Coles, Kamilah Thorne, Mr. Robinson, Ms. Unger, Ms. Stapleton, Kathleen Jackson

Budget

- NOTE: This meeting was entirely dedicated to a detailed review of the SY19-20 school budget.
- Principal Jackson announced at the beginning of the meeting that the budget was insufficient to keep the current staffing level AND add the new positions required by DCPS - therefore the options for the LSAT were limited.
- Principal Jackson reviewed the parts of the budget which were discretionary (those that could be changed or negotiated) and those that were mandatory (those that could not be changed).
- The LSAT had an extended discussion about the possibility of inviting a City Year contingent into the school. That proposal was rejected, mainly due to a lack of available funds. Principal Jackson will submit a petition for the funding but isn't optimistic.
- Two current positions were proposed to be eliminated. That proposal was accepted.
- Ultimately, the budget was unanimously approved by the LSAT.
