Morning Meeting at Miner ES

Morning meetings were implemented as a school-wide practice which is based on the idea that students' social-emotional growth is just as important as their academic growth. Teachers may adapt the Responsive Classroom model of a morning meeting to fit their classroom needs, using it to create a classroom culture where students feel safe, supported, and ready to learn. This opportunity should be provided daily using the following 4 components.

- Greeting: Students and teachers greet and welcome each other.
- Sharing: Students share something about themselves or their lives, and the rest of their peers listen, then ask follow-up questions or offer comments.
- Activity: The group completes an activity that encourages teamwork while re-emphasizing social or academic skills.
- Morning message: Students read a short message from their teacher, usually describing what is to come in the day ahead.

The goal of the meeting as a whole, is to "set the tone for respectful learning, establish a climate of trust, motivate students to feel significant, create empathy, encourage collaboration, and support social, emotional, and academic learning."

A message from Food Corps- Ms. Emma

Our students learn about food, nutrition, and earth science through garden-based and classroom lessons with our Foodcorps service member, Ms. Emma. This year, students have learned about reducing waste through composting in the garden and vermicomposting with worms in STEM class. We've also learned how to regrow vegetables from scraps, and ways to use all parts of the plant when we cook. We look forward to finding more ways to connect waste reduction to learning at Miner this spring, especially on Earth Day, when we will have a schoolwide trash pickup and Earth Day craft activity.

Asymptomatic Testing

Our testing day is on Thursday! The test are a random sample of 20% of our student population. If you DO NOT want your student tested you may complete the OPT OUT form and return it to Ms. Offer.

PLEASE REMEMBER we are a nut-free school, which includes peanuts and tree nuts. For the safety of all please refrain from sending your student to school with any peanut or tree nut related products.

We strongly support parents sending their child with a lunch from home if the meal being served is not something their child eats, but we request the meal be comprised of healthy options to support student learning; candy, sugary snacks, and soda are not supported. Gum is not allowed in school.

Please feel free to contact mineres@k12.dc.gov if you have any questions or need any support. Please also refer to the [DCPS Re-Open Strong Website](#) for on-going updates for SY21-22.
