PK PROGRAM

▶ **SUPER SMILEY FACE** Mondays: Starts September 9th

Super smiley face is all about social skills, feelings, friendship, and self awareness. Kindness and generosity are two of the strongest traits in building and maintaining friendships!

▶ **ARTS & CRAFTS** Tuesdays: Starts September 3rd

In Arts & Crafts Club, young Apollo students will learn many techniques to turn their ideas into reality under the guidance of our Apollo staff. Club members will use their creativity and imagination to make many objects for gifts and decorations.

▶ **DANCE** Wednesdays: Starts September 4th

Students will dance the afternoon away to kids bop favorites. Give your child the opportunity to get their energy out before going home for the night!

▶ **STORYTELLING CLUB** Thursdays: Starts September 5th

- ▶ While it may seem like everywhere your child turns there is a touch-screen calling to them, there is still nothing that opens up the world of imagination and possibility like a good book. By reading both quietly and out loud, Book Club students will greatly improve their ability to determine meaning from the written word along with public speaking skills and listening skills. Watch your child discover more about their world through a book - great readers often become great thinkers!

▶ **SCIENCE CLUB** Fridays: Starts September 6th

Parachutes, spaceships, lasers, hadron colliders - we all know that science is a subject that's just for the cool kids (like you, of course!). The good news is that science is easy and incredibly fun to start practicing! Students in Apollo Science will learn how to ask the questions that are the beginning of all scientific discoveries, how to make hypotheses, and of course the fun part - testing them to see how they work. Through a hands-on and exciting curriculum, this club will help your child become more curious and have a deeper understanding about how the world works.

DAILY APOLLO CLUBS

OUR APPROACH

The Apollo After School program develops skills and interests that help children succeed both in and out of school.

Our clubs create a fun and healthy learning environment for our students through a mix of physical, intellectual, and social activities.
