## January Garden Newsletter

### Whats Growing?

Garlic

Kale

Collard Greens

Oregano

Mint

Chives

Thyme

The garden is open for community use  
Monday through Friday from 3:00 to dusk. Stop on by!

## Bountiful Harvest

We have been busy preparing the garden for the winter! The students have helped us harvest sweet potatoes, kale, collards, beets, and more. They then planted garlic that will be ready in the spring. Finally, we topped the beds off with compost and straw to "tuck them in" for the winter. Keep an eye out for grade-level garden days throughout the winter and spring.

This is a great way for students to work together in a safe environment!

Please note that masks are strongly encouraged and can be provided upon request.
