## Celebrate Earth Day

On April 28th we were able to come together and safely celebrate our Earth! The students had a wonderful time peddling the smoothie bike to make nutritious blends, crafting wildflower seed bombs to plant in the community, and direct seeding sunflowers in the garden space. Now that spring is upon us, we will be holding regular events in the garden. Additionally, our Garden Club, open to third, fourth, and fifth grade, will begin to meet every Thursday at 3:30. Keep an eye out for more information to be sent out on Remind!
